

E-BIKE TOURS WORLD WIDE

2027/28 TRIP COLLECTION

WHY WE DO WHAT WE DO.
AND HOW WE DO IT.

Dear e-bike adventurers,

It's finally here – the new Edelweiss Bicycle catalog! And we promise you: it's once again packed with adventures that will make your e-bike heart race.

2026 was a special year for us, with tours that got under our skin, encounters that stay with us, and moments that made us pause mid-ride. Thank you for riding with us – your curiosity and the joy you bring to every tour are the reason we do what we do. We're especially proud that in 2026 we once again received the TripAdvisor Travellers' Choice Award – a confirmation that reassures us we're on the right path.

This fall brings something special once again: in November, we set off on our very first e-bike tour through Morocco – a country full of color, contrast, and paths just waiting to be discovered. And as a brand-new Miles & More partner, we're now rewarding every trip twice over: you'll not only earn Edelweiss Worldtourer miles, but Miles & More miles too, all while exploring some of the world's most beautiful landscapes.

Whether you're just starting to pedal or already have countless kilometers under your belt: you're guaranteed to find your next journey in this catalog. And if you have a route of your own in mind – just reach out, and we'll be happy to plan it together with you.

We hope you enjoy browsing, dreaming, and planning.

See you soon on one of our routes!

WHEN WE SET OFF ON OUR E-BIKE TO EXPLORE THE WORLD

...we do this out of the conviction that there's no better way to discover nature and meet new people than by bike. We stop where we want to and continue cycling when we simply want to watch the landscape pass by. The scent of the forests and meadows awakens our senses, and suddenly we're in tune with our surroundings.

On our tours through Europe and overseas, we show you the culture of the various regions in all its richness. E-bikes allow you to actively relax on your vacation, as the exercise is good for you, and the electric motor ensures that small hills are easily overcome. Far away from mass tourism, we show you the most beautiful places, enjoy local cuisine, and unwind in enchanting accommodations. With Edelweiss E-Bike Tours, you can discover the world sustainably on selected trails, experiencing the beauty of nature up close and unfiltered.

THE SERVICES FOR WELL-BEING EXPERIENCE, YOU SEE & FEEL

SERVICES

THE ACCOMMODATIONS

After a day of cycling, you deserve a relaxing evening. We believe that accommodations reflect the culture, so you'll stay in charming, hand-picked hotels and guesthouses where you'll feel at home right away.

FOOD & DRINK

Just like the accommodations, the cuisine on our tours is also locally influenced. Breakfast and selected dinners are included. Since beverage preferences often vary, we're happy to leave these to you.

THE TOUR GUIDES

A German- and English-speaking tour guide with extensive training, a friendly personality, and an infectious smile will be there to show you the way by bike. Another tour guide will be in the support vehicle and transport your luggage, spare parts and batteries, as well as water and a few snacks. Our tour guides not only give you insight into the culture and nature, but are also available throughout the entire trip for answers, tips, and assistance.

THE ROUTES

All of our routes are extensively tested by us and take you to places so beautiful that they will likely remain in your memory forever. If you'd like to explore on your own, that's no problem. You are also welcome to explore the area by yourself. There are no limits to your freedom.

THE PARTICIPANTS

Getting to know other participants, laughing together, discovering new things, and sharing all the wonderful moments, food, and wine is an essential part of every Edelweiss trip.

LUGGAGE

To ensure you can truly unwind during your vacation, we will transport your luggage (one piece of luggage per person) in the support vehicle during the tour. We only ask you to bring your daypack (e.g., camera, wallet, rain gear, etc.) with you on your bike. If you'd like to bring a souvenir or two, there's always room for that, too.

TRANSPORTATION

There are occasionally places where we can't, don't want to, or aren't allowed to ride bikes. In this case, we will, of course, transport you and your bike to the next point, where we can once again fully immerse ourselves in nature.

ARRIVAL AND DEPARTURE

Arrival at the starting hotel should be by 3 p.m. All our hotels are in locations so that they are easily accessible from the nearest airport or train station.

THE BIKE

You are welcome to bring your own bike. However, please understand that we only have spare parts and batteries for our bikes. Depending on the level of assistance, a spare battery may be necessary on our tours. Our e-bikes are fully equipped, so you don't have to worry about anything. Your tour guide will, of course, help you adjust the bike for the optimal seating position on the rental bike.

THE BIKE HELMET

So that you don't have to carry a helmet around with you on arrival and departure, we are happy to provide you with a free rental helmet for the entire tour.

THE PICNIC

At the legendary Edelweiss picnics, you will not only be provided with enough energy for the day – they are also always a special experience, because what could be better than enjoying healthy food in the middle of nature?

THE WILLINGNESS

E-bike travel offers tours for everyone, as you decide the intensity of the assistance provided by the electric motor and thus set your own personal pace. After all, you should be able to actively relax on your vacation. If your legs ever get tired and you need support or a break, our support vehicle is always at your disposal. It will arrive in no time, so you can relax and breathe easy in the car!

YOUR TOUR BOOK

Curious minds often want to learn about the local conditions before embarking on their adventure. That's why we'll send you a personalized tour book with information about the destination and a detailed route description via email six weeks before the tour begins. A printed version will be available at the start of the tour.

REFUELING

Active travel means that your energy reserves need to be replenished regularly. To avoid running out of energy, energy bars and water are provided from the support vehicle at certain points.

THE WOW MOMENTS

To give you a deep insight into the culture of each country, we include excursions (e.g., museum visits, wine tastings, dairy visits, and the like) and regularly meet local people who give us insights into their lives and history.

THE EDELWEISS CUSTOMER PROGRAM

How does it work?

For every trip you participate in, you collect valuable WORLDTOURER MILES. These are credited to your personal miles account after the trip. You can then use the credited miles in a variety of ways. Participation in the Edelweiss Customer Program is free – so you can only benefit! The credited miles are valid for 5 years.

YOUR BENEFITS AS A WORLDTOURER

- Special Worldtourer status gifts
- Free additional night before or after the tour
- Discounts for you at all Edelweiss class reunions
- Free e-bike upgrade
- Tour participation at half price

THE DESTINATIONS OF OUR TOURS ARE AS DIVERSE AS PEOPLE'S TASTES. HOWEVER, THEY ALL HAVE ONE THING IN COMMON: WE INCLUDE VIRTUALLY ALL THE SERVICES YOU NEED FOR A COMFORTABLE EXPERIENCE.

OF ALL THINGS – WHY E-BIKES?

WHY WE USE THEM AND HOW THEY WORK.

Traveling by e-bike allows us to discover and explore foreign countries and cultures first-hand and to enjoy nature in its fullness. But why do we travel with e-bike? And how does an e-bike actually work?

Anyone who has ever tried an e-bike knows the feeling of riding uphill with ease and grace, while having a big smile on your face. It has never been so easy and so much fun to go by bike, as you do not have to break out in a sweat to reach your goals. The primary focus of any e-bike tour is the healthy and enjoyable physical activity without overly exerting yourself! It is motivating, fun and allows the cyclists to actively relax during their holiday as well as enjoy the surrounding environment and impressions.

The e-bike or also called Pedelec (Pedal Electric Cycle) has an electric engine which supports the cyclist when riding, provided of course

BEING ACTIVE
WITHOUT
SWEATING

se the cyclist is actually pedaling. However, it does not matter how much one pedals. The electric engine provides an additional support which allows the traveler to reach a speed of up to 25 km/h without exerting oneself. You can define the support of the engine by using the switch on the handlebars. Anyone looking for a physical challenge on their vacation can keep the support to a minimum or even disable it. However, if you want to enjoy your holiday without a lot of effort, do not hesitate to put the engine on full power. Any climb, no matter how big or small, will then become a breeze. Differences in the group's performance are thus compensated and the trip becomes a successful holiday for young and old.

As with our routes, we leave nothing to chance with our bicycles. On our European e-bike tours we trust in the premium e-bikes manufactured by Riese & Müller.

OUR E-BIKES FOR OUR EUROPEAN EDELWEISS E-BIKE TOURS: RIESE & MÜLLER E-BIKES

NEVO

THE 2 MODELS - NEVO & HOMAGE

The e-bikes convince above all by high comfort and lots of power, so that even the longest climb becomes a breeze. Best components make this bike a safe, reliable and loyal partner on every tour.

NEVO

The Nevo is our sporty all-rounder, designed for riders of all experience levels. Its intuitive handling makes it the perfect companion for every journey. The generously sized low-step frame allows for easy and comfortable mounting and dismounting, while the front suspension fork and suspended seatpost provide outstanding comfort on every ride.

HOMAGE

For riders who place the highest value on comfort and are happy to accept a little extra weight in return, the Homage is the perfect choice. Its full suspension, with both front and rear shock absorption, delivers an exceptionally smooth and comfortable ride, even on longer and more demanding routes. The low-step frame and dropper seatpost make mounting and dismounting effortless, completing a bike designed with comfort in mind.

ENGINE

With the incredible drive power of the Bosch Performance CX engine, you are able to master any mountain and terrain without breaking out into sweat. The engine supports you up to a speed of 25 km/h with a pedal force support of up to 300%. Even when walking, your e-bike supports you with a thrust support.

HOMAGE

SUPPORT MODES:

THERE ARE 4 LEVELS OF PEDAL ASSIST:

No matter which riding mode you use, the battery on our e-bikes always lasts until the end of each day's stage.

1) ECO – SPORTY

You provide most of the power yourself, with only minimal assistance from the motor. Ideal for riders who want to stay active and enjoy a more athletic riding experience.

2) TOUR – DYNAMIC & BALANCED

You still do a noticeable share of the pedaling, while the motor provides consistent support. Perfect for smooth, dynamic riding over longer distances.

3) SPORT – POWERFUL SUPPORT

The motor delivers strong assistance, so you can put in less effort while maintaining a brisk pace. Ideal for climbs and for conserving energy.

4) TURBO – MAXIMUM POWER

With only minimal pedaling effort required, the motor provides most of the power. Perfect for maximum comfort or when tackling steep climbs.

WHAT NOT TO FORGET
ON YOUR E-BIKE TRIP

A great bike trip starts long before the first pedal stroke. With the right gear, you'll be perfectly prepared for sporty challenges, relaxed moments of enjoyment, and all the little surprises waiting for you along the way.

FOR THE ADVENTURE ON TWO WHEELS

To keep you comfortable, safe, and full of energy on the road, it's worth investing in functional clothing and the right equipment. That way, you can fully focus on what matters: the route, the scenery, and that unique feeling of freedom.

WHAT SHOULD BE IN YOUR LUGGAGE:

- Breathable cycling jersey and comfortable cycling shorts with a padded chamois
- Lightweight windbreaker for cool mornings or fast descents
- Sunglasses to protect against wind, dust, and sun
- Comfortable sports shoes, suitable for cycling as well as short walking excursions
- Your own helmet for safety and pleasant shade on sunny days
- Cycling gloves to ease pressure on the wrists and provide extra protection
- Fitness tracker or smartwatch, so you can celebrate your personal achievements in the evening
- Warm and waterproof outerwear, in case the weather has plans of its own along the way

WITH THE RIGHT GEAR, EVERY KILOMETER BECOMES A PLEASURE – WHETHER THIS IS YOUR FIRST BIKE TRIP OR YOU'VE ALREADY HAD MANY ADVENTURES ON TWO WHEELS.

WHEN THE BIKE
COMES TO REST

After a fulfilling day in the saddle, often the best part of the day begins: time to breathe, enjoy, and discover. Maybe you're sitting on a hotel terrace with a cool drink, feeling the last rays of sun on your skin, reflecting on the day's impressions. Maybe the sea is calling, or a refreshing pool, or a cozy café in a winding old town. These are exactly the moments you should also make room for in your suitcase.

FOR RELAXED HOURS AND SPECIAL
VACATION MOMENTS, WE
RECOMMEND:

- A good book for quiet hours by the pool, on the balcony, or in the garden
- A stylish outfit for special dinners and enjoyable restaurant visits
- Swimwear for spontaneous dips in the water
- Sunscreen that protects your skin and smells like vacation
- Your favorite scarf or wrap for crisp evenings on the terrace or a walk by the sea
- A camera to capture special encounters, impressive landscapes, and beautiful moments
- Curiosity, openness, and a willingness to embrace new experiences

ONE LAST TIP: Leave a little extra space in your suitcase. For small finds along the way. For special souvenirs. For memories to take home. Because the best souvenirs from a trip are often the ones that remind you, once you're back home, of all those special moments on the road.

AN E-BIKE JOURNEY OF DELIGHT THROUGH A MAGICAL ITALY

On this tour you immerse in the culture of beautiful southern Tuscany. Here, all senses are stimulated: hearing, seeing, smelling, tasting – combined with a little physical activity. Our journey starts in Florence, also called the “Pearl of Renaissance”. From here, we head southwards through one of the loveliest landscapes of Italy, the Chianti. This region is known for its “slow food”, which is not a fast-moving trend, but a century-old tradition.

The following day you will be astonished by San Gimignano's medieval skyscrapers, also called the “Manhattan of Tuscany”. Other architectural masterpieces can be found in Siena with its Gothic cathedral and its world-famous Piazza. With some luck, we can even hear the Gregorian chants of the San Antimo monks, as we relax in the warm thermal pools of Bagno di Filippo – just as the pilgrims did thousands of years ago. Through Val d'Orcia we then reach Lake Bolsena and eventually, Orvieto with its countless cultural treasures, which are only waiting for us to be discovered.

ITINERARY

- DAY 1 ARRIVAL IN FLORENCE**
Your adventure begins with our Welcome Briefing in the hotel at 4 pm where you can meet the group.
- DAY 2 FLORENCE - CASTELLINA IN CHIANTI**
Today we will ride into the area of Chianti Classico, a region as beautiful and lovely as can be. Part of today's exploration will be a visit to a vineyard, as well as a stopover in one of the hidden Slow Food restaurants.
- DAY 3 CASTELLINA IN CHIANTI - SAN GIMIGNANO**
Highlights such as San Gimignano, the "Manhattan of Tuscany" and Castellina in Chianti will delight us on the second day. For those who have not cycled enough today, an extra round trip to Volterra is possible. The old Etruscan city is home to the Guarnacci Museum, with interesting Etruscan excavations.
- DAY 4 SAN GIMIGNANO – SIENA**
Today we will cycle from Val d'Elsa in direction of Monteriggioni, which looks like a big prison with its city wall and its many towers. Our day ends in Siena, where every year the Palio di Siena – a legendary horse race – takes place. For this event, the Piazza del Campo, probably the most beautiful square of Italy, becomes one big race track.
- DAY 5 SIENA - PIENZA**
We will continue our journey through „Il Crete“, which is located south of Siena. We will cycle past rolling hills full of cypresses and driveways: a landscape you may have already seen on calendar pictures. Brunello, one of the most expensive wines in the world, grows nearby, in Montalcino.
- DAY 6 PIENZA – CITTÀ DELLA PIEVE**
We are heading south towards the Etruscan thermal baths. In the olden days Bagno Vignoni was the place where pilgrims used to relax and recover from their pilgrimage hardship. We will also take some time to relax and dive into the natural pools of Bagno San Filippo.

- DAY 7 CITTÀ DELLA PIEVE – ORVIETO**
Lake Bolsena is an almost circular lake, surrounded by the Volsine mountains. Here we will make the first acquaintance with the cuisine of the Lazio. By now we are only 90 km from Rome. Orvieto lies high on a tufa massif before us. It looks impressive yet almost threatening. Our day ends in this ancient Etruscan city.
- DAY 8 DEPARTURE FROM ORVIETO**
Let's enjoy our final breakfast together and then set off on our journey homeward.

REST DAYS: Matera, Otranto

ON THE ROAD AT THE HEEL OF THE BOOT: APULIA IS DIFFERENT.

Italy's deep south is the perfect cycling paradise, beckoning with sun, summer, beach, history, and culture. And trulli!

From Bari we go down to the tip of the Salento peninsula, which is the heel of the Italian boot. Numerous highly interesting places line our route, along with plenty of vast and often sparsely populated countryside. And there is always an opportunity for a swim!

ITINERARY

DAY 1 ARRIVAL IN BARI
Welcome to the south of Italy! At 4 o'clock in the afternoon the group meets at the starting hotel in Trani and is welcomed by the tour guides.

DAY 2 BARI – MATERA
We could easily have spent a few more days in lively Bari. But there are too many interesting things waiting for us. The batteries are charged, let's go! The lonely plateau of the Murgia National Park awaits us. Our destination for the day is Matera. The city with its Sassi is a World Heritage Site and is located in the neighboring province of Basilicata.

DAY 3 MATERA
Matera is one of the oldest cities in the world and is absolutely unique because of the "Sassi", the residential caves where as recently as the 1950s over half the inhabitants lived in desperate poverty. Today the Sassi are a tourist attraction and popular movie set, most recently for James Bond. Close to the city are the regional park of the "Murgia Materana", a wild karst mountain range full of caves, and the San Giuliano protected area with the lake of the same name. So, there is plenty of variety.

DAY 4 MATERA – ALBEROBELLO
We go back to Apulia, to where it is most "Apulian". The province is world famous for its round huts with pointed roofs called trulli. Nowhere else are there as many and so beautiful trulli as in Alberobello. On the way there we ride through endless fields and past sleepy villages - very relaxing!

DAY 5 ALBEROBELLO – TORRICELLA
Around Alboello there are many beautiful old towns and lots of wide-open countryside. We cycle south with pleasure, skirting the "little sea" near Taranto and finally reaching the south coast of the arid Salento peninsula, where we take up quarters in Torricella.

DAY 6 TORRICELLA – GALLIPOLI
The sea will be our constant companion today. Beaches, bays, sand dunes, medieval villages, and watchtowers, even an old saltworks can be seen, where salt was mined for centuries. Today it is a protected area. Our destination is Gallipoli, which was once founded by Greek colonists and today impresses us with its picturesque old town and mighty castle. The sunsets here are incomparable!

„ CYCLING IS MEDITATION
IN MOTION. „

DAY 7 GALLIPOLI – OTRANTO
We are now almost at the tip of the Salento Peninsula. The Greek influence is still recognizable here, even from earlier times there are still remains in the form of dolmens and menhirs. There are imposing lighthouses on the headlands, beautiful beaches, and coves everywhere, and pretty little villages that invite you to take a break. Otranto is known as Italy's "Gateway to the Orient" and can look back on a rich and wild past. Accordingly, there is a lot to see!

DAY 8 OTRANTO
The east coast of Salento is one of the most beautiful coasts in all of Italy. It consists of jagged cliffs and deeply cut bays, the water is deep blue and very clean. There are numerous caves and many pretty villages where you can enjoy the typical Italian dolce vita. Otranto is in the middle of it all and is perfect for a relaxing day of rest.

DAY 9 OTRANTO – LECCE
The highlight of the last day of the tour is definitely Lecce, the secret capital of Salento. The buildings, made of white tufa, revel in baroque formal decorations, and created their own style: the Lecce Baroque. The beautiful old town with its large, shaded park invites you to linger...

DAY 10 DEPARTURE FROM LECCE
After a hearty breakfast you will have a relaxed journey home. Or you can stay a little longer in the area and enjoy the beautiful Adriatic beaches.

HIGHLIGHTS AT A GLANCE

CASTEL DEL MONTE, MURCIA NATIONAL PARK, MATERA, THE TRULLI OF ALBEROBELLO, THE CLIFFS, COVES, AND BEACHES ALONG THE COAST OF SALENTO, THE HISTORIC CITY CENTERS OF GALLIPOLI, OTRANTO, LECCE AND OTHERS, GENUINE ITALIAN CUISINE.

THIS PILGRIM'S PATH TAKES US INTO ITS SPELL
AS IT LEADS US THROUGH A STUNNING AND MAG-
NIFICENT LANDSCAPE

Our bicycle adventure starts in Santander, 'The Ocean's Bride', along St. James' Way. Already on the first few meters we can feel the soothing energy of the "Camino", on which pilgrims have been drawing strength for centuries, while we get enchanted by Cantabria and Asturias with their mix of sea and mountains.

We cycle on into the highlands of the northern Meseta and are impressed by the pilgrimage hubs of Burgos and Leon. Their cathedrals rank among the most beautiful ones in Spain. The green landscapes of Galicia and Santiago de Compostela herald the end of St. James' Way and our tour. We will remember the impressions we gained our way forever!

ITINERARY

DAY 1 ARRIVAL IN SANTANDER

Your adventure begins with our Welcome Briefing in the hotel at 4 pm where you can meet the group.

DAY 2 SANTANDER – SELORES

Santander, 'The Ocean's Bride', offers much in every respect. The bay in front of the city is one of the most beautiful in the world. The impressive limestone massif Picos de Europa, the largest nature reserve in Spain, is only about 25 km of airline away.

DAY 3 SELORES - CERVERA DE PISUERGA

We will cycle along the river Rio Devo, passing the impressive gorge of Hermida'Desfiladero de la Hermida'. Incredible rock walls rise up to 600m into the air. Most of the day we will ride uphill to our final destination for today, Cervera de Pisuerga.

DAY 4 CERVERA DE PISUERGA – SANTA COLOMBA DE LAS ARRIMADAS

Picos de Europa – here you can find alpine meadows, gorges, bizarre rock formations, over 40 species of orchids, wildcats, eagles and wild hoopoes. We will start today's trip cycling uphill to then enjoy the ride down towards the reservoir lake Riano, which is nestled right in between the mountains.

DAY 5 SANTA COLOMBA DE LAS ARRIMADAS – LEÓN

Adios Picos de Europa! We will cross the western edge of Meseta with its endless distance and rolling hills, towards León. The royal city of León in the High Plain of Castile welcomes us. Its colorful streets are filled with life and provincial charm. It is now time to explore the huge variety of the Castilian culinary delights, such as Iberian pork, sausages, chestnuts and not to forget the delicious wine from Bierzo. We have plenty of time to discover León and to relax in our hotel.

DAY 6 LEÓN – VILLAFRANCA DEL BIERZO

We will leave the royal town behind us and travel by bus to the ancient Roman city Astorga. We invite you to visit the episcopal palace and cathedral built by the Catalan architect Antonio Gaudí. Astorga is also known for its sweet treats and chocolate, such as mantecadas and hojaladres, which are best enjoyed with a cafe con leche. From here we explore a variety of ancient little villages along Cruz de Ferra and the Templar castles in Ponferrada. Our destination today is the beautiful city of Villafranca.

„ TO TRAVEL IS
TO GO ON A JOURNEY
INTO YOURSELF. „

DAY 7 VILLAFRANCA DEL BIERZO – SARRIA

It's getting exciting: We are approaching Santiago de Compostela. The last part of the path will lead us through a breath-taking mountain landscape. The ancient little mountain village of O Cebreiro is on the way, where pilgrims used to recover with a tasty cabbage soup. We will continue our journey through this fantastic mountain landscape, passing by Triacastela. These 3 castles protected the old pilgrimage route.

DAY 8 SARRIA – MELIDE

The green Galicia! We travel on through tiny villages, rolling hills, forests and meadows. The old Portomarín is located in the valley Rio Mino. From here we are only 90 km away from Santiago.

DAY 9 MELIDE - SANTIAGO DE COMPOSTELA

The countdown is on. Lavacolla is the last stop before Santiago. Pilgrims in the Middle Ages used to clean themselves in the local river with the same name before their journey to the town. Eventually, the time has come: We reach Santiago – squares, countless churches and monasteries, old mansions and a quirky, lively nightlife create an impressive work of art. Our last hotel is a dream come true! Of course we will visit the 1000 year old cathedral, a dream come true, maybe one or the other will find their way to Cabo Finisterre.

DAY 10 DEPARTURE FROM SANTIAGO DE COMPOSTELA

Let's enjoy our final breakfast together and then set off on our journey homeward.

3000 HOURS OF SUN EVERY YEAR & LANDSCAPES WHICH COULDN'T BE MORE DIVERSE

We will start with Granada, the highlight of every Andalusian trip. We then explore the world-famous Moorish King's castle Alhambra, which is nestled in the picturesque Sierra Nevada.

We travel on to Antequera, which developed into an important trading centre in the centuries after the Reconquista. Our hotel in Antequera welcomes us with luxury. In Ronda the Moorish past is brought to life: There we will visit the oldest bullfighting arena in the world, before the white villages of Andalusia and the natural beauty of the Grazalema lure us into physical activity on two wheels. At the end of our tour the gorgeous city of Jerez de la Frontera will take our breath away.

ITINERARY

- DAY 1 ARRIVAL IN GRANADA**
Your adventure begins with our Welcome Briefing in the hotel at 4 pm where you meet the group.
- DAY 2 GRANADA – ANTEQUERA**
We will leave the first cultural highlights behind us and take the train to Loja. With our bikes we will cycle along the scenic routes of Rio Guadalhorce to Antequera.
Away from the big tourist streams, it is nestled between rocky hills. Nowhere in Spain can you find as many church towers as here.
- DAY 3 ANTEQUERA – EL CHORRO**
Let's head south. One of the most impressive karst landscapes in Europe is the Plateau El Torcal, where the power of nature carved bizarre sculptures into the porous limestone. The interactive visitor center will introduce you to the geological origin, fauna and flora. Mirador Las Ventanillas is only a few minutes away and offers impressive views on the Costa del Sol. We will cycle along 3 large reservoir lakes and through impressives gorges towards del Rey, where we will leave the canyon at El Chorro.
- DAY 4 EL CHORRO – RONDA**
Shortly after El Chorro, after a short climb, we reach Bobastro, the legendary castle that sits like an eagle's nest on the plateau of the Mesas de Villaverde. Here, from 850 A.D., Omar Ben Hafsun, a rebel leader, maintained his headquarters. Starting from Bobastro, he initiated an early attempt of the Reconquista, the reconquest of the Iberian Peninsula by the Christians. We cycle a short distance along the Guadalhorce reservoir and then follow the Rio Turon to Burgos. Our destination is Ronda, the Moorish fortress, the shelter of smugglers and bandits, the place where bullfighting was invented - the highlight of every Andalusian trip.
- DAY 5 RONDA**
Today is a rest day, which does not mean that we do nothing. There is much to see and an interesting bike route, but of course you can also spend the day relaxing by the pool. We offer a small but very nice

bike tour to Setenil de las Bodegas. And then, of course, we are in the highlight of every Andalusia vacation - Ronda. This is where the Spanish bullfight was invented. The bullring was inaugurated in 1785, is the oldest of its kind in all of Spain and can be visited.

- DAY 6 RONDA – GRAZALEMA**
The white villages of Andalusia! Zahara de la Sierra – a picturesque village nestled on a mighty rock at the northern edge of the Sierra de Grazalema Nature Park. Above the village we can see the ruin of a Moorish castle. We will cycle across the Puerto de las Palomas, the pass of the pigeons, and reach the next white village. Grazalema, which is supposedly the most beautiful of them all.
- DAY 7 GRAZALEMA – ARCOS DE LA FRONTERA**
We will cycle through the Sierra de Grazalema on small roads to Ubrique. Small houses built of natural stones line the streets. It is time to relax with a cafe con leche. El Bosque is located at the gate of Sierra Grazalema National Park at the river Rio Majaceite, which is

the southernmost trout fishing area of Europe and the ideal place for a delicious lunch. Today's destination, picturesque Arco de la Frontera, is situated on a steep cliff, where Moorish arches span several of the narrow streets, forming the town's unique character. Our accommodation for tonight is a hotel in the center of the old town.

- DAY 8 ARCOS DE LA FRONTERA – JEREZ DE LA FRONTERA**
Jerez de la Frontera is the city of sherry. Names like Sandeman and Tio Pepe are now world famous. You could spend a whole week here - the Moorish fortress from the 13th century, the Christian cathedral, the Andalusian court riding school, museums and tapas bars, sherry tastings and much more could be discovered. A visit to one of the sherry cellars rounds off our tour and tonight we will review this beautiful trip with a few tapas before we say goodbye to Andalusia.
- DAY 9 DEPARTURE FROM JEREZ DE LA FRONTERA**
Let's enjoy our final breakfast together and then set off on our journey homeward.

ITINERARY

DAY 1 ARRIVAL IN TAVIRA

We meet at 4 p.m. for the welcome briefing at the hotel.

DAY 2 TAVIRA – QUARTEIRA

Today you'll cycle through the Ria Formosa Nature Park – past lagoons, birdlife, and dune landscapes. In Faro, a stop in the old town is worthwhile. Then you'll continue along the coast via Vilamoura to Quarteira. Enjoy the sea views and end the evening comfortably on the beach with fresh fish and a glass of Vinho Verde.

DAY 3 QUARTEIRA – PORTIMAO

Today, the Algarve reveals its diverse face: lively towns like Albufeira, beautiful bays, and impressive cliffs lie along your route. Some hills will be challenging, but the views are worth every pedal stroke. Your destination is charming Portimão—ideal for ending the day with a stroll along the riverbank and a delicious dinner.

DAY 4 PORTIMAO

Time to take a breather! Today, leave your bike behind and explore Portimão on foot. Relax at Praia da Rocha, stroll through the old town, or take a boat tour to the spectacular rock caves. This day is yours – to relax, enjoy, and recharge your batteries for the next stages.

DAY 5 PORTIMAO – SAGRES

You leave Portimão heading west. The landscape becomes rugged and wilder – the Atlantic Ocean is always by your side. The highlight is Cape São Vicente, where you'll enjoy breathtaking views of the "end of the world." In Sagres, once the starting point of great voyages of discovery, a very special sunset over the sea awaits you.

DAY 6 SAGRES - ARRIFANA

Today we follow the wild Atlantic coastline northward. Passing secluded beaches, dramatic cliffs, and charming fishing villages, we are treated to breathtaking ocean views time and again. The picturesque surf village of Arrifana provides the perfect ending to a varied day of riding along the Costa Vicentina.

DAY 7 ARRIFANA - VILA NOVA DE MILFONTES

We continue cycling through the Southwest Alentejo and Costa Vicentina Natural Park. Quiet back roads and scenic coastal stretches alternate with rolling hills and traditional villages, offering a wonderful variety of landscapes. By the end of the day, we reach Vila Nova de Milfontes, beautifully situated at the mouth of the Mira River and widely regarded as one of the most picturesque towns on Portugal's west coast.

DAY 8 VILA NOVA DE MILFONTES - SINES

Today, a long but beautiful stage lies ahead of you. You'll ride through dreamy coastal towns like Zambujeira do Mar and Vila Nova de Milfontes. Nature remains wild and untouched, and the beaches are endless. In Sines, the birthplace of Vasco da Gama, you'll end the day with a view of the harbor and a delicious dinner by the sea.

DAY 9 SINES – SETUBAL

Today you'll cross a tranquil coastal region with dunes and pine forests. The landscape changes, becoming more open and expansive. Finally, you'll reach the Sado River. You'll take the ferry to Setúbal – a lively city with a southern flair, fresh fish, and cozy taverns. Enjoy your last evening by the sea before your final in Lisbon.

DAY 10 SETUBAL – LISSABON

At the end of your tour, a scenic highlight awaits you: the verdant Arrábida Mountains with fantastic views of the coast. You'll roll through small towns and dirt roads before taking a ferry across the Tagus River to Lisbon. The entrance to the capital – with views of the bridges, old town, and hills – is guaranteed to be a memorable experience.

DAY 11 DEPARTURE FROM LISBON

After breakfast, you can relax and begin your journey home.

LA VIE PROVENÇALE – ENJOY THE GOOD LIFE IN THE SOUTH OF FRANCE

This is one of the most famous and popular regions in France and there is a reason for that!

People have lived here in Provence for thousands of years. It flourished under the Romans and was the center of ecclesiastical power in the 14th century when the papacy resided in Avignon. Its wealth of landscape, culture and history is unique, as is its light, fragrance, and cuisine. Here you can enjoy cycling with all your senses!

ITINERARY

DAY 1 ARRIVAL IN AIX-EN-PROVENCE

The adventure begins! At 4 o'clock in the afternoon you will meet your fellow travelers and the tour guides at the tour start hotel.

DAY 2 AIX-EN-PROVENCE – MAUSSANE-LES-ALPILLES

We leave beautiful Aix-en-Provence, ride west and soon reach the Étang de Berre, the largest inland lake in France. Here, a jump into the cool water or a café au lait on the beach is tempting before we reach the small, ancient village of Miramas-le-Vieux at the northern end of the lake. We can see it perched on a hill from afar and look forward to strolling through the medieval alleys and grabbing a bite to eat. From here, it's not far to our destination for the day, Les Baux-de-Provence, a small village overlooked by a huge, ruined castle.

DAY 3 MAUSSANE-LES-ALPILLES

On our first rest day, we will make an excursion to the nearby town of Arles, which is one of the most attractive towns in Provence. Under the Romans it experienced its greatest flowering and to this day it has lost none of its splendor. Especially the amphitheater and the other Roman buildings are very impressive. Just behind Arles begins the famous Camargue with its flamingos and white horses. Of course, we will not miss this unique nature experience!

DAY 4 MAUSSANE-LES-ALPILLES – VILLENEUVE-LÈS-AVIGNON

The day begins with a climb, we cross the small mountain range Les Alpilles, whose bare limestone peaks look like they are covered in snow when the sky is blue. North of it is the small town of Saint-Remy-de-Provence, where Nostradamus was born, and Vincent van Gogh lived for a year. It is worthwhile to linger here for a while. In the afternoon we reach Avignon, which captivates us with its beautiful old town, the Pope's Palace and of course the famous bridge. Our accommodation is on the other side of the Rhône, in the charming and quiet village of Villeneuve-lès-Avignon.

DAY 5 VILLENEUVE-LÈS-AVIGNON

Near Avignon is the Pont du Gard, one of the most famous Roman buildings in France and of course we do not miss it. This 2000-year-old aquaduct is a masterpiece of Roman architecture and an absolute feast for the eyes! The way there is also beautiful, as we ride along the rivers Rhône and Gardon, while the way back takes us through extensive vineyards.

„ LIFE IS LIKE RIDING A BICYCLE:
TO KEEP YOUR BALANCE, YOU
NEED TO KEEP MOVING. „

DAY 6 VILLENEUVE-LÈS-AVIGNON – GORDES

We follow the Rhône upstream a little further and admire the ruins of the former papal summer residence in Châteauneuf-du-Pape, which was built about 800 years ago. We then head east, crossing lonely and mostly flat stretches of land before the foothills of the Monts de Vaucluse tower up before us. In a secluded valley and surrounded by lavender fields is the Abbey of Notre Dame de Sénanque. It looks as if it has fallen out of time and we let ourselves be enchanted by it before we move into our quarters a few kilometers further on, in Gordes.

DAY 7 GORDES

Gordes is a nice place to stay, there is a lot to see, especially the huge 1000-year-old castle attracts everyone's attention. Still, we will ride our bikes, of course, because there's something unique to discover just 10 kilometers outside of Gordes. The ochre rocks of Roussillon shine so intensely that it seems almost unreal. On a short hike, you can admire them from all sides.

DAY 8 GORDES – AIX-EN-PROVENCE

On the last day, we reach the highest point of the tour, because the mountain range that stands in our way forces us up to over 700 meters. Thanks to e-bikes, however, crossing the densely forested Luberon is no problem; in fact, it's a lot of fun. South of the mountains flows the Durance, which we also cross. Then we cycle leisurely in the direction of Aix-en-Provence, where our wonderful tour ends.

DAY 9 DEPARTURE FROM AIX-EN-PROVENCE

After a generous breakfast, you will start your journey home in a relaxed manner. Or you can stay a little longer in Provence and enjoy the sweet air of the south.

A TOUR TO TOURS: ON THE WAY FROM PARIS TO AND ALONG THE LOIRE RIVER

Discover the world-famous Loire Valley completely relaxed from
the saddle of an e-bike.

Nowhere else are there so many feudal castles in such a small area as
in the Loire Valley. This tour starts in Paris, the city of love, and takes you
past Fontainebleau directly to the banks of France's longest river. There
we spend four days and enjoy the castles, the landscape, and the unique
lifestyle in the center of the Grande Nation.

ITINERARY

- DAY 1** **ARRIVAL IN PARIS**

Here we go! At 4 o'clock in the afternoon, the group meets at the starting hotel in Paris and is welcomed by the tour guides.
- DAY 2** **PARIS – FONTAINEBLEAU**

The Eurovelo 3 is a long-distance cycle route that runs from Trondheim in Norway over 5000 km to Santiago de Compostela in northern Spain. We follow it for a very short distance, from Paris south to Fontainebleau. We will spend the next two nights in this city, which is steeped in history and crowned by a fantastically beautiful Renaissance chateau.
- DAY 3** **FONTAINEBLEAU**

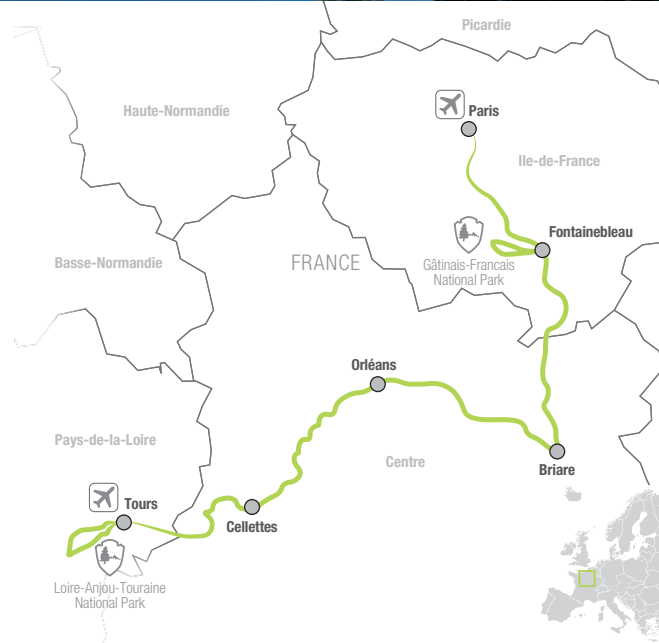

To the west of Fontainebleau lie vast forests where you can spend hours in total seclusion and silence. Between the ancient trees are sandstone formations that invite you to climb around. In fact, the so-called bouldering was invented here! The Gâtinais français nature park, which adjoins to the west, is known as the "land of a thousand glades". For cyclists, this gorgeous landscape is pure paradise!
- DAY 4** **FONTAINEBLEAU – BRIARE**

In the morning, it's only an hour's ride to Nemours, a small town that impresses with its pretty location on the old Loing Canal and its fairy-tale castle, from which you think you can see Rapunzel waving over. Afterwards, we continue to follow the canal, see old locks and anglers who often pull out surprisingly large fish from the shore. In La Bussière there is another remarkable castle. We spend the night in Briare, where we admire the unique canal bridge over the Loire.
- DAY 5** **BRIARE – ORLÉANS**

The Loire Valley is one of the most famous areas in France, which is due to the numerous castles that line up here. There are over 400 of them, and we will pass by some of them today as we follow the country's longest river to Orléans. This beautiful city is dominated by a massive cathedral and a golden equestrian statue of Joan of Arc, the "Maid of Orleans," who liberated the city (and later all of France) from the English on May 8, 1429.

- DAY 6** **ORLÉANS – CELLETES**

We continue along the Loire River. Between the castles, pretty little villages attract our attention. The Château de Chambord is nestled in a large, unspoiled forest and of course must not be missed, after all it is the most famous of all Loire castles.

„ LIFE IS SIMPLE:
EAT, SLEEP, BIKE. „

- DAY 7** **CELLETES – TOURS**

Here, on the middle reaches of the Loire, the density of châteaux is the highest, and there are also a large number of them on the tributaries. Château de Chaumont is most famous for its magnificent castle grounds, while Château de Chenonceau spans the Cher tributary and is thus quite unique. Our ride between the castles and villages, along the rivers and through the ancient cultural landscape is like a journey through a fairy tale that we wish would never end.

- DAY 8** **TOURS**

Our last stop is the city of Tours, famous for its beautiful historic center. Between old half-timbered houses, narrow streets lead to the Gothic cathedral, which took over 200 years to build. Saint Martin, founder of the first occidental monastery and patron saint of travelers, worked

here from 375 until his death in 397 and is buried in Tours. But there's plenty to see outside, too, and we ride our bikes out to the castle of Villandry or the moated castle of Azay-le-Rideau. Or even to both.

- DAY 9** **DEPARTURE FROM TOURS**

After a hearty breakfast, you will start your relaxed journey home. Or you can stay a little longer in the Loire Valley or in another corner of France.

320 SUNNY DAYS, MEDITERRANEAN CUISINE AND STUNNING LANDSCAPES – A MUST FOR EVERY CYCLE ENTHUSIAST.

Mediterranean climate, turquoise blue sea and a moving history – this is Istria. The Ottoman, the Habsburg and the Venetian all wanted to rule over this piece of heaven on earth: Istria has a lot to offer! The backcountry of Učka Nationalpark is characterized by picturesque mountain villages, thick war walls, vineyards and olive groves. The Parenzana bicycle trail takes us to this secluded gem.

Picturesque cities like Rovinj or Labin surprise with magnificent villas and cathedrals. The Brijuni National Park, Tito's former private residency, and the Limski Fjord are definitely worth a stopover. We indulge in culinary delights such as seafood from the Kvarner bay, truffles and hearty countryside sausages. All this will be accompanied with delicious regional wine. The variety and beauty of the bike routes make this tour very appealing and inviting – get enchanted!

ITINERARY

DAY 1 ARRIVAL IN OPATIJA

1 Your adventure begins with our Welcome Briefing in the hotel at 4 pm where you can meet the group.

DAY 2 OPATIJA – BUZET

2 We will leave the blue coast of Kvarner Bay and cycle west to the Učka National Park. High above the Mirna Valley, we will reach Buzet. The patrician houses of this little town are built snug and close next to each other. They are nestled within the Cicarija mountain massif. The abundant tree stock served as a foundation for entire Venice.

DAY 3 BUZET – POREC

3 We will follow the river Mirna and reach the Motovun truffle forest. We turn into the Parenzana bicycle path, which was originally a narrow-gauge railway. This opened up easier access to the mountain villages of the surrounding countryside. Porec, which is entirely built of white limestone, welcomes us. The local Euphrasian Basilica is world heritage.

DAY 4 POREC – ROVINJ

4 A 35 km long cycle path will lead us along the Limski-Fjord. We will explore the Romuald cave and the impressive viewing platform. Our destination is Rovinj, a little town built on a circular island formation right within the Adriatic.

DAY 5 ROVINJ – PULA

5 We will head south along the coastline. The Brijuni National Park with its 34 islands awaits us. There Robert Koch discovered the Anopheles mosquito as a causative agent of malaria. Not long ago the archipelago was closed to the public, as it forms part of Tito's residence. Pula (Italian Pola), the ancient heart of Istria, has its very own unique charm. The local amphitheater is comparable to the Coliseum. Pula is built on seven hills.

DAY 6 PULA – LABIN

6 We will leave Pula to the east and cycle along the secluded and beautiful beaches to Labin. The palaces still reveal the long-past wealth of this city. Enjoy sweet ravioli with nuts, wolf's bass with truffle sauce and an incomparable view of the Kvarner bay - Life is good.

DAY 7 LABIN – OPATIJA

7 We will leave Labin towards the north, heading for Učka National Park before circling back towards the coast and Opatija. Up until now this journey was filled with physical exercise and tranquility, excellent food and friendly people. We will spend the last evening together in Opatija, the seaside resort on the Kvarner Bay, the "Grand Dame".

DAY 8 DEPARTURE FROM OPATIJA

8 Let's enjoy our final breakfast together and then set off on our journey homeward.

CRYSTAL-CLEAR WATER, MEDITERRANEAN CUISINE & HOSPITABLE PEOPLE – A VACATION FOR THE BOOKS

Completely relaxed, our gaze wanders over the countless islands off the coast of Croatia. Croatia counts well over a thousand, both smaller and larger islands, although only a few dozen of them are inhabited. Accompanied by numerous sailboats, we smoothly ride along on our E-Bikes. The unmistakable aromatic scent of the maquis fills our noses, and the Mediterranean atmosphere is heavenly – it's hardly surprising that we often feel like we're in paradise. This travel destination is balm for the soul!

Our starting point for the tour is Zadar. In the coming days, we will follow the Dalmatian coast southward, occasionally taking ferries to explore some of the larger islands off the coast. The route involves constant rides up and down, and we are grateful for the support of our e-bikes. Even the occasionally strong headwind can't stop us and only brings a smile to our faces. A true highlight of the trip is Split with its palace of Diocletian which consists of more than 200 buildings. On our rest day, we will have enough time to visit this attraction from the 4th century and enjoy the bustling activities in the narrow streets, before continuing our journey steadily southward towards our destination. Dubrovnik is the final stop on our trip. The city impresses with its fantastic old town and was not without reason a filming location and inspiration for the renowned TV series Game of Thrones. It's definitely recommended to extend the trip by a day or two here.

ITINERARY

- DAY 1

ARRIVAL IN ZADAR
Your adventure begins with our Welcome Briefing in the hotel at 4pm where you can meet the group.
- DAY 2

ZADAR – BIOGRAD
We leave the old town of Zadar early in the morning by ferry, avoiding the busy coastal roads. Within minutes, we reach our first island of the journey and will traverse it almost entirely from North to South. Small towns, villages, and holiday resorts accompany us throughout the day, allowing you to get familiar with your e-bike, before taking an evening ferry back to the mainland and heading to our last destination for the day, Biograd.
- DAY 3

BIOGRAD - VODICE
In the morning, we depart from Biograd, the "white city by the sea", and explore the Vransko Jerzero Nature Park. Riding along the largest lakes in Croatia, Lake Vrana, our route leads us to the picturesque coastal town of Vodice. Of course, we take the evening to stroll along the lovely water-front promenade and indulge in the culinary delights of Dalmatia.
- DAY 4

VODICE – SPLIT
We start the day with one of Croatia's absolute highlights: Split. To reach it, we need to cross the Krka River whose course near Vodice transforms into a long and deep bay. We continue our journey from the regional capital, Sibenik, to Split. To avoid traffic, we switch to a ferry from Trogir to Split. This also gives us the opportunity to explore the well-preserved old town of Trogir, known for its mix of Renaissance, Baroque, and Romanesque buildings situated on a small island.
- DAY 5

SPLIT
After three wonderful days of cycling on our e-bikes, we deserve a rest day. There is much to discover here in Split. Above all, one should not miss the complex of buildings of Diocletian's Palace – part of the UNES-

CO World Heritage – in the center of the old town. To this day, it consists of more than 200 buildings serving as shops, bars, cafes, hotels, and restaurants. We won't get bored here, that's for sure.

- DAY 6

SPLIT - OREBIC
Ready, set, go! This morning, we have a slightly longer ferry ride ahead of us, taking us directly from Croatia's second-largest city to the island of Korcula. Upon arriving on the island of Korcula, we are greeted by a breath-taking natural landscape – it's no wonder Korcula is also known as "the green island". It's a delightful place for cycling, free from the stress and noise of the city traffic. What a splendid tranquility!
- DAY 7

OREBIC - SLANO
By now, we have already made our way quite far South in Croatia. Today, we will explore the Peljesac peninsula, offering a very special highlight: We drive through a small tunnel from the center of the island to the west

coast. Here, we are treated to stunning views and, most importantly, a kilometers-long descent for lunch. Passing countless vineyards and the longest defensive wall in Europe in Ston, we head back to the mainland, where we spend the night in the bay of Slano.

- DAY 8

SLANO - DUBROVNIK
It's hard to believe, but today is already our last day of cycling, and our destination, Dubrovnik, is within reach. Once again, we benefit from our e-bikes and overcome some elevation at the beginning of the day. After that, we proceed on almost deserted roads high above the busy coastal highway, heading towards Dubrovnik. Just before reaching our destination, we turn towards the harbor. Passing by a few cruise ships, we finally reach our destination, the "Pearl of the Adriatic," as Dubrovnik is also called. We are full of joy! Dubrovnik amazed us with its numerous attractions. The impressive city walls and fortifications of Dubrovnik served as a filming location for the

renowned TV series Game of Thrones, and the city also offers excellent opportunities for swimming and relaxation. A great tip from Edelweiss: Consider spending an extra day or two here. It's worth it.

- DAY 9

DEPARTURE FROM DUBROVNIK
Let's enjoy our final breakfast together and then set off on our journey homeward.

RUGGED MOUNTAINS, CRYSTAL-CLEAR LAKES, AND DOLCE VITA ON THE COAST.

The Alpe-Adria Bicycle Trail is one of the most beautiful and popular cycling routes not only in the Alps, but in all of Europe.

It connects Salzburg, located on the northern edge of the Alps, with Grado on the Italian Adriatic coast. We will cycle the southern half of this unique route on this fantastic tour.

We start in the Slovenian capital of Ljubljana, which delights us with its beautiful old town. Our first day of cycling takes us to the charming town of Bled, where we spend a night by the lake of the same name. Framed by the Karawanken mountains and the Triglav massif, we cycle to Italy and follow the Val Canale on one of the most beautiful sections of this cycle route. Every now and then we will of course also leave the path and take detours – after all, there is so much to see and experience in Friuli, the northeastern most province of Italy. We indulge in the famous San Daniele ham and then leisurely and comfortably roll down to the sea. The Alpe-Adria cycle path ends in Grado, but we head north once again. But not without dipping our feet in the water and enjoying the Italian flair! Our journey then takes us via Gorizia to Postojna, where we admire the wor-

ld-famous caves before we finish our trip in the Slovenian capital Ljubljana. By the end of the tour, you will understand why the Alpe-Adria cycle path is so popular.

ITINERARY

DAY 1 ARRIVAL IN LJUBLJANA

1 Welcome to Ljubljana. We will meet at 4pm at our hotel for our Welcome Briefing.

DAY 2 LJUBLJANA – BLEĐ

2 Today's route takes us along the river Sava to Bled. The "Pearl of Slovenia" is famous for its deep blue, tranquil lake with an island on it, on which stands a picturesque church, as well as for the castle perched high up on a rock. With the Triglav mountains in the background the picture is irresistible.

DAY 3 BLEĐ – TARVISIO

3 Nestled between the mighty Austrian Karawanken mountains and Slovenia's highest mountain, the Triglav, we cycle along the valley of the Sava towards Italy and the beginning of the famous Alpe-Adria-trail.

DAY 4 TARVISIO – FAGAGNA

4 Today, one of the most beautiful sections of the Alpe-Adria cycle path awaits us- the Val Canale, where a former railway line has been converted and now delights cyclists.

DAY 5 FAGAGNA – GRADO

5 This rather long day takes us past the Friulian capital of Udine and down to the sea, to one of the most stunning places on the entire Adriatic coast. Grado is situated on an island and has many historic sights and magnificent beaches. Grado marks the end of the famous Alpe-Adria cycle path.

DAY 6 GRADO

6 After 4 beautiful days on the bike, it is time to give our feet a break. Where else would a rest day be more suitable than in Grado, on the Mediterranean Sea? Here you can truly unwind and enjoy the refreshing waters.

DAY 7 GRADO – GORIZIA

7 This short day takes us to Gorizia on the Italian-Slovenian Border. In the twin town of Gorizia – Nova Gorizia, history becomes tangible, as the Iron curtain ran right through it until 2004. Since its end, the town has been visibly revitalized. It was the European Capital of Culture in 2025.

DAY 8 GORIZIA – POSTOJNA

8 And on we go – we cycle through the Ternovan Forest and past a spectacular castle to Postojna, or Adelsberg in German. This place is world-famous for its stalactite caves, which you can explore on board a small train (!). What an experience

DAY 9 POSTOJNA – LJUBLJANA

9 Today we cycle through the Ljubljana Marshes to Ljubljana. The charming old town offers an irresistible blend of Austrian and Slovenian culture, as well as culinary.

DAY 10 DEPARTURE FROM LJUBLJANA

10 After a hearty breakfast you can set off relaxed on your journey home.

A TOUR OF CONTRASTS: MOUNTAINS, RIVERS, LOVELY VINEYARDS...

... and the Mediterranean flair of Lake Garda are combined with historical sites along the 2000 year old Roman road.

We start our journey in Innsbruck, the pearl of Tyrol, and follow an old pilgrimage route over the Mieminger Sonnenplateau. From here, we will cross the main Alpine ridge (by bike or by shuttle) via the Via Claudia, a historic trade route. We can now enjoy a ride downhill to the Vinschgau valley, savouring the scents of juicy apple orchards. In the background we can see the glaciers of the Ortler and the dramatic summits of the Dolomites – a valley which couldn't be more beautiful. Further South, we can see that viticulture has defined the life of the people living in this area for centuries. Ancient castles and historic cities such as Trento enchant us and gently introduce us to the Mediterranean flair with sunshine, palm trees and gelato at Lake Garda which already awaits us. The view from Monte Baldo over the huge lake is incredibly breath-taking and the glass of Amarone from the Valpolicella so enticing, one wishes for time to stop.

ITINERARY

- DAY 1** **ARRIVAL IN INNSBRUCK**

Your adventure begins with our Welcome Briefing in the hotel at 4 pm where you meet the group.
- DAY 2** **INNSBRUCK – ZAMS**

Crossing the Mieminger Sonnenplateau we cycle down into the Inn valley and follow an old pilgrimage path to the monastery Kronburg.
- DAY 3** **ZAMS – GLORENZA**

Today we will cross the main Alpine ridge via bike or shuttle bus. We will pass by Reschensee with its bizarre church tower which rises from the middle of the lake. From there we ride downhill to Vinschgau valley and the village Glurns, the smallest village of Italy.
- DAY 4** **GLORENZA – BOLZANO**

The Vinschgau welcomes us with endless apple orchards, framed by the glaciers of the Ortler. A stone quarry strikes us featuring the finest white Italian marble. The labyrinth garden in Merano is a true treasure, and offers the perfect place to enjoy a tasty lunch beside a romantic brook and mill wheel.
- DAY 5** **BOLZANO – TRENTO**

From here you will see vineyards as far as your eyes can reach, century-old cultures. Via an old mule track we will pass by San Remedio, where the mountain valley opens up and we reach Trentino.
- DAY 6** **TRENTO – RIVA DEL GARDA**

We will leave the Dolomites behind us and dive right into the Mediterranean flair of lake Garda. Enjoy the Italian sun and the pristine waters of the lake. Breathe in the sweet smells of lavender and rosemary and relax.
- DAY 7** **RIVA DEL GARDA – PESCANTINA**

Today we will travel by cable car to the top of Monte Baldo, which offers us a last magnificent view over the lake before we say goodbye. We will continue our journey to Valpolicella, known for its very delicious wine.

- DAY 8** **PESCANTINA – VERONA**

We cannot leave Valpolicella without having visited Villa Rizzardi in Negrar. From here we head south towards Verona, enjoying the views and wonders of the river Etsch. We will cycle over an old Roman bridge as we enter the town. Another highlight awaits us, both culinary and cultural.
- DAY 9** **DEPARTURE FROM VERONA**

Let's enjoy our final breakfast together and then set off on our journey homeward.

THROUGH SCENIC LAKE LANDSCAPES ON THE PATHS OF THE HABSBURG MONARCHY

We start our journey in Salzburg, the festival centre and Mozart's birthplace. Picturesque lakes, turquoise blue water, snow-capped peaks and Austrian culinary delights as well as a perfectly developed cycle path network await you on this tour through the Salzkammergut.

In the past, many places, for example Hallstatt, could only be reached by ship or on small mule paths. As a result, specific traditions, cultures and characteristics have been developed in the individual regions, which we will discover. Salt was the white gold at that time and everything revolved around this valuable property. We will certainly also dive into this part of history and culture. Last but not least we will visit the beautifully located 'Kehlsteinhaus—The Eagle's Nest', before heading back to Salzburg.

ITINERARY

DAY 1 ARRIVAL IN SALZBURG

1 Your adventure begins with our Welcome Briefing in the hotel at 4 pm where you meet the group.

DAY 2 SALZBURG – FUSCHL

2 After a little stopover we will leave the beautiful 'Mozart-town' behind and head north. Wallersee, Obertrumer and Mattsee give us an initial taste of what is to come. We end our day at Wolfgangsee, in the beautiful town of St. Gilgen.

DAY 3 FUSCHL – GmundEN

3 We will start our day exploring the well-known St. Wolfgang. From there a ferry carries us over the lake and onward we travel along Mondsee towards east. Our final destination for the day is Gmunden located on Traunsee. This town is known for its ceramic tradition.

DAY 4 GmundEN – GOSAU

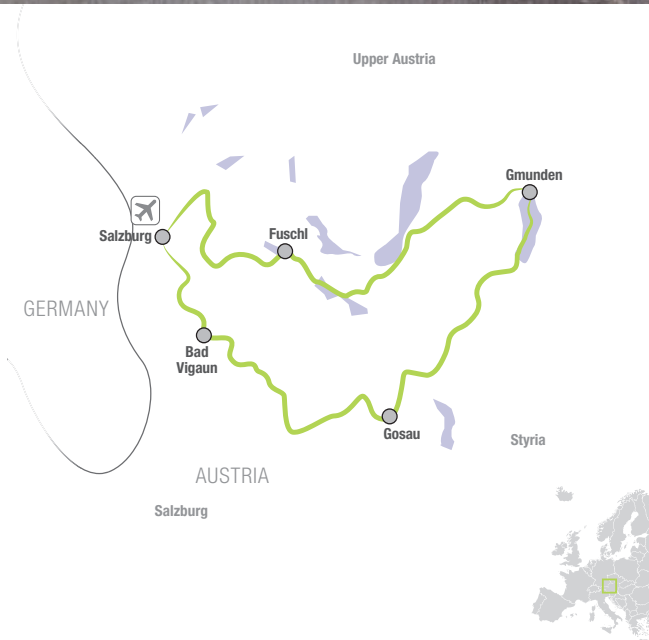

4 Today we will cycle along the river Traun to reach the town Bad Ischl. The Kaiservilla is located here. It is also a place of delicious pastry shops. We continue our journey east of Hallstätter See towards Hallstatt, a little town nestled in-between lake and mountains. This romantic town and view are not to be missed.

DAY 5 GOSAU – BAD VIGAUN

5 From here we will head uphill. We will reach Hallein via the Pass Gschütt, the Lammer and Salzach cycle paths. Here we have a varied program.

DAY 6 BAD VIGAUN

6 There are many adventures to be experienced in this beautiful place. The fascinating ice caves of the Dachstein are worth visiting. You will need a cap and gloves. The other option is Berchtesgaden with the picturesque Königssee. A gravel road will lead you to Hitler's summer residency, the Kehlsteinhaus. The insatiable can still cycle the Rossberggringstrasse and enjoy the views of the Watzmann. If you want to relax, stay in Hallein and enjoy the local Spas or the beautiful town.

DAY 7 BAD VIGAUN – SALZBURG

7 Salt, the white gold, has shaped this area for centuries. Today we invite you to explore the salt mines of Salzburg followed by the castle Hellbrunn with its amazing water displays. After a little rest it is time to head back to Salzburg.

DAY 8 DEPARTURE FROM SALZBURG

8 Let's enjoy our final breakfast together and then set off on our journey homeward.

ENJOY UNSPOILED NATURE AND BAVARIAN CULTURE AS WE CYCLE AROUND CRYSTAL-CLEAR MOUNTAIN LAKES, ADMIRE MAJESTIC MOUNTAIN RANGES AND BREATHE IN THE FRESH AIR. THE ENCHANTING BAVARIAN TOWNS AND COUNTRYSIDE ARE WAITING TO CAST THEIR SPELL ON YOU.

Bavaria – we know what you're thinking of: Oktoberfest, roast pork, delicious beer, leather pants, dirndls, cozy huts, deep blue lakes, and snow-capped mountains. Here, in the deep south of the republic, you can discover one of the most beautiful stretches of land in Germany. Upon arrival, we invite you on a stroll through the town center and get a taste of local cuisine at dinner in a rustic, traditional inn, before we venture out of the city on the Isar river into the Alpine countryside lying south of here.

Lake Starnberg is situated 25 kilometers southwest of Munich and is probably best known for being the site of King Ludwig II of Bavaria's mysterious death. From here, we press forward into the Alpine foreland, which unfurls in front of us with rolling hills, luscious pastures, and breathtaking

mountain ranges. The picture-postcard scenery is our constant companion. Along the way, we will visit a glass factory, where we can witness the skills of traditional glassblowers. As we journey further south, we will pass several smaller and larger lakes. They not only make for superb views, but also entice you to swim in the crystal-clear mountain water. Our last day takes us on one final adventure in the mountains of the Wettersteinregion to Bad Tölz.

ITINERARY

- DAY 1 ARRIVAL IN STARNBERG**
Your adventure begins with our Welcome Briefing in the hotel at 4 pm where you meet the group.
- DAY 2 STARNBERG – MURNAU**
Far from the busy highways, we begin our journey on a 50-kilometer cycling path around Lake Starnberg. Despite its closeness to the lake, we'll hardly ever be riding directly on the coastline as most of the land here is privately owned. In the afternoon, we reach the nature reserve bordering the Osterseen, a group of romantic lakes amid lush meadows and wetlands. This mystical, boggy area consists of 19 small lakes, known as the teardrops of Lake Starnberg.
- DAY 3 MURNAU – KEMPTEN**
Today's ride takes us through the Alpine foothills, whose rolling hills, lush green meadows, and towering mountains open up in front of us in the most spectacular way. The Celts are said to have lived here before the Romans settled here some 2,000 years ago. The scenery is incredible, just like a postcard. The day's destination is Kempten, an old Roman city on the Iller river.
- DAY 4 KEMPTEN – OBERSTAUFEN**
Say goodbye to the Bavarian Pfaffenwinkel, as this region is called due to the numerous monasteries and churches in the area. We will soon reach the Allgäu. The Allgäu ranks among the most beautiful and popular tourism destinations in Germany and the locals aren't shy to point this out. Just like elsewhere in the world, the landscape has had a massive influence on its people: the people of Allgäu are welcoming, friendly, and proud of their home and feel a strong sense of being connected to their traditional craftsmanship and old customs.
- DAY 5 OBERSTAUFEN**
Two nights in your hotel in Oberstaufen give you plenty of time to explore the charming town center, discover beautiful alpine landscapes, or experience traditional cultural events. In the morning, we head out to Lake Constance to get on the ferry to Bregenz – with e-bikes, of

course. In Bregenz, we continue our trip to the Pfänderbahn. The cable car takes us even higher up the local mountain, where stunning vistas of Lake Constance as well as views as far as Switzerland await.

- DAY 6 OBERSTAUFEN - FÜSSEN**
Shortly after leaving Oberstaufen, we pedal along the Alpsee, which, once we have passed Immenstadt, also gives us an opportunity to take a dip in its refreshing mountain waters. Today's route crosses the cycle path that connects Lake Constance and the Königssee, which is known as one of the most beautiful, scenic cycling roads in Germany. Pedal through the Alpine foothills, passing by numerous idyllic lakes, and many world-famous sights.
- DAY 7 FÜSSEN – GARMISCH-PARTENKIRCHEN**
Today is all about sightseeing: discover the story of King Ludwig II of Bavaria, learn first-hand why Neuschwanstein Castle is Germany's most-visited attraction, and travel along the ancient Via Claudia Augusta Roman road. Füssen welcomes you with magnificent vistas of the Lech Falls, its historic castle, and a charming old town. The royal

- palaces of Neuschwanstein and Hohenschwangau are right around the corner. We continue our journey along the Alpsee to Tyrol, Austria, then coast along the Plansee and Ammertal to Linderhof Palace, the smallest of the three palaces built by King Ludwig II of Bavaria, which you can also view from inside. In the afternoon, a visit to the baroque Ettal Abbey is planned.
- DAY 8 GARMISCH-PARTENKIRCHEN - BAD TÖLZ**
Garmisch-Partenkirchen, called GaPa by the locals, is situated in an impressive valley surrounded by the Wetterstein mountains. Among them is Germany's highest mountain, the Zugspitze. The historic city center is full of cultural gems such as houses characterized by traditional "Lüftlmalerei" (a form of mural art that is native to southern Germany and Austria).

- DAY 9 DEPARTURE FROM BAD TÖLZ**
Let's enjoy our final breakfast together and then set off on our journey homeward.

OUT AND ABOUT BY E-BIKE IN THE CYCLISTS PARADISE OF HOLLAND AND BELGIUM

The Netherlands and Belgium are considered the most bicycle-friendly countries in the world. Nowhere else is the network of bike paths denser, nowhere else is the infrastructure better.

On this tour, we ride along the North Sea coast to Bruges and inland back to Amsterdam, taking in many beautiful bike paths along the way. We visit beautiful cities, romantic castles, and pretty little villages full of friendly people and culinary temptations.

ITINERARY

DAY 1 ARRIVAL IN LEIDEN

Welcome to the North Sea! At 4 o'clock in the afternoon, the tour guides welcome their group at the starting hotel in Leiden.

DAY 2 LEIDEN – MAASSLUIS

We start our tour in Leiden, Rembrandt's hometown, which bears much resemblance to Amsterdam with its canals and rows of classical houses. The area is densely populated, but in Holland there is always a well-maintained bike path for cyclists that runs idyllically along some canal or river. We pass through The Hague and soon reach the river Nieuwe Maas, which is actually one of the many branches in the river delta of the Rhine.

MAASSLUIS - CADZAND

Island hopping is on our agenda today! Over several bridges and dams we go from one peninsula or island to the next, even a ferry ride is planned. Many stretches of coastline here are surprisingly unspoiled and protected, the air is clear and there is always a pleasant breeze blowing in from the North Sea. The Netherlands is THE cycling country par excellence and anyone who rides here will understand why.

CADZAND – BRUGES

Bruges is one of the most beautiful cities in Europe, and because it is not far away, we have plenty of time for sightseeing. The entire city center of Bruges, which has never been damaged in wars or major fires, is a UNESCO World Heritage Site and can even be explored by boat thanks to the many canals. What a fantastic city!

BRUGES

Since Bruges is such a beautiful city, we of course don't miss the opportunity to spend a whole day here. It is up to you whether you want to explore the countless sights on your own or whether you

want to join the tour guide and go on a little e-bike excursion together.

BRUGES – GHENT

Bruges and Ghent are connected by a canal, along which you can leisurely cruise. There are also many beautiful castles and manor houses here, as well as charming cafes and lots of wide-open countryside. Ghent is a city full of sights, so we don't want to arrive too late here.

GHENT – ANTWERP

As in the Netherlands, there is hardly a river or canal in Belgium that does not have a bike path running along it. The Scheldt is no exception, it connects Ghent and Antwerp in wide bends and features dikes over long stretches. Often the bike path runs on these dikes, and we can enjoy the beauty of the landscape unhindered. Again and again,

we pass castles, churches and pretty villages and then dive into the greater Antwerp area. In the world capital of the diamond trade and the former most important trading metropolis in Europe, there is of course much to see!

DAY 8 ANTWERP – DORDRECHT

Today, a long day of riding takes us back to the Netherlands, right into the middle of the widely branching estuary delta of the Rhine. The landscape here seems to consist only of waters of all kinds, and there is a national park that protects a piece of original floodplain landscape at the confluence of the Waal and Maas rivers. The ancient town of Dordrecht, our destination, seems to be built right on the water and offers a lot of charm. You'll want to spend more time here - and so we do.

DAY 9 DORDRECHT – AMSTERDAM

Today is all about cheese, because on our way to Amsterdam we pass through Gouda. The cheese of the same name has been produced around the city for over 800 years and can be sampled everywhere, and Gouda also has a charming old town. Along the Amstel River, which also gave its name to the famous beer, we then roll into Amsterdam. This unique city will immediately captivate you!

DAY 10 DEPARTURE FROM AMSTERDAM

After a hearty breakfast, you will start your relaxed journey home. Or stay a little longer in Amsterdam. A few days in this great city cannot be recommended enough!

EXPERIENCE SCANDINAVIA – STEP BY STEP, PEDAL BY PEDAL

Discover Scandinavia's most stunning sides on two wheels! Our guided e-bike tour kicks off in the Danish capital Copenhagen, where we meet at 4pm at our hotel on arrival day for our welcome briefing.

From there, we cycle through picturesque coastal landscapes and charming towns: via Roskilde and the artists' village of Gilleleje to the ferry crossing to Sweden. The Swedish part of the journey begins in Helsingborg – with stages through historic Lund, the apple paradise of Kivik, and idyllic Ystad, known from the Wallander thrillers. The route leads through diverse natural scenery, past forests, beaches, and wide fields. The journey ends in Malmö – after nine eventful days full of Nordic hospitality, culinary delights, and cultural discoveries. After breakfast on the tenth day, it's time to say goodbye. This tour offers leisurely cycling in comfort – perfect for anyone who loves culture, nature, and exercise!

ITINERARY

- DAY 1

ARRIVAL IN COPENHAGEN
We meet at 4 pm for the welcome briefing at the hotel.
- DAY 2

COPENHAGEN – ROSKILDE
Today you'll begin your cycling tour in the green surroundings of Copenhagen. You'll cycle through picturesque landscapes, past lakes and charming villages. Your destination is the historic city of Roskilde with its impressive cathedral, a UNESCO World Heritage Site. Along the way, enjoy the fresh air and diverse nature that makes Scandinavia so special.
- DAY 3

ROSKILDE – TISVILDE
Today you'll continue cycling north through rolling hills and forests. The route takes you past beautiful stretches of coast and small beach towns. Your destination is the charming coastal village of Tisvilde, known for its relaxed atmosphere and long sandy beaches. Here you can enjoy the evening sea breeze and prepare for the next stage.
- DAY 4

TISVILDE – HELSINGBORG
In the morning, you'll travel to the ferry port, where you'll cross to Sweden. The crossing offers magnificent views of the sea. Upon arrival in Helsingborg, you'll discover a vibrant city with a historic old town, cozy cafés, and a beautiful waterfront promenade. After your bike ride, you can take a relaxing stroll and enjoy Swedish hospitality.
- DAY 5

HELSINGBORG - LUND
Today you'll cycle through the flat, green countryside of southern Sweden. Your destination is Lund, one of Sweden's oldest university cities. Here you can explore the impressive cathedral and the historic city center. The route offers you diverse natural scenery, quiet country roads, and many small towns that invite you to linger.
- DAY 6

LUND - KIVIK
Today's stage takes you along the beautiful Baltic Sea coast. You'll cycle through picturesque apple orchards and idyllic coastal villages. Your destination, Kivik, is famous for its apple festivals and beautiful

scenery. Here you can breathe in the fresh air, sample local fruit, and enjoy the tranquility of nature before continuing on.

- DAY 7

KIVIK
Today is a rest day. Great—we don't have to pack. What shall we do today? Either nothing at all, sleep in, and just go with the flow. Or how about a swim in the Baltic Sea—we're just a few meters from a beautiful beach. A long walk along the Baltic Sea and through the small villages with their thatched-roof houses would also be a lovely option. The idyllic small town of Kivik is the center of apple growing and cider production in Sweden. 50% of Sweden's apples are harvested here. In the spring, the hilly landscape is a sea of apple blossoms. The "House of the Apple," established by the Kiviks Musteri cidery, documents the history of fruit growing and cider making. It showcases just how versatile the apple is. The restaurant and café serve samples, and in the shop you can stock up on culinary souvenirs such as juice, cider, jam, or chutneys. Of course, we offer a short bike ride for the tireless. So, the decision is yours!

- DAY 8

KIVIK – YSTAD
Your route today takes you through rolling hills and past white sandy beaches. Ystad, famous for the Wallander thrillers, captivates with its medieval townscape. You'll have time to stroll through the cobbled streets and enjoy the maritime flair. A perfect blend of culture and nature awaits you.
- DAY 9

YSTAD – MALMÖ
On the final day of cycling, you'll cycle along the coast to Malmö, a modern city brimming with charm. You'll cycle through nature reserves and past vast fields before reaching the vibrant city. In Malmö, you can celebrate the end of the tour with a cozy dinner and reflect on the eventful journey.
- DAY 10

DEPARTURE FROM MALMÖ
After breakfast you can relax and start your journey home.

LUSCIOUS GREEN VALLEYS LINED WITH POWERFUL RIVERS AND WATERFALLS GUIDE YOU RIGHT INTO THE HEART OF NORWAY

There are not many places comparable to the scenic landscape which awaits you in Norway's fjordland. We start our journey in Bergen, an enchanting and vivid cultural metropolis. From here, we will ride along the world-famous and spectacular train line towards the giant Sognefjord.

A cruise on the narrow Fjaerland fjord, along the Jostedalbreen glacier, takes us further North to the amazing natural spectacle and UNESCO world heritage Geiranger. We will explore the strawberry land of Norway, the Storfjord and Ålesund. The latter is also known as the 'Venice of Norway' and its impressive Art nouveau architecture and representation. You will for sure remember the tranquility, the impressive environment and the friendly Norwegians, even long after you returned home.

© Ernst Altmeppen

ITINERARY

DAY 1 ARRIVAL IN BERGEN

Your adventure begins with our Welcome Briefing in the hotel at 4 pm where you meet the group.

DAY 2 BERGEN – VOSS

We will leave Bergen, the lively cultural metropolis, the old Hansestadt, where festivals, concerts and cutting-edge art exhibitions take place all year round. We will take the train to Dale, where our bikes await us. From now on we will journey through nature and cycle along the river Giljaevi to Voss.

DAY 3 VOSS – FLÅM

After a little stopover in Voss we will continue our journey along the river Kleivelvi to Myrdal. This is the starting point of the most spectacular railroad line in Norway. It stretches from Myrdal to Aurlandsfjord, a smaller fjord next to the giant Sognefjord. The insatiable can cycle, the connoisseurs can take their bike into the train. The cyclists will cycle along Rallarvegen, one of the most beautiful cycle paths in Norway. Once a supply route for the construction of the train. We rejoin in the Togrestaurant in Flåm. The restaurant itself is accommodated in an old train carriage.

DAY 4 FLÅM – SOGNDALSFJØRA

We will leave the little village Flåm, which is nestled within the vast mountain ranges of Aurlandsfjord. We will climb up a few serpents and enjoy the magnificent views of the Aurlandsfjord. We arrive at a breath-taking alpine landscape that reveals timeless solitude and beauty. Beneath us is the longest tunnel of Norway. The Laerdaltunnel, with a length of 24,5 km, has replaced the St. Gotthard tunnel as the longest tunnel in the world.

DAY 5 SOGNDALSFJØRA – FJÆRLAND

Today we are going to load our bicycles twice on ferries. The first cruise is a short distance from Fodnes to Mannheller. From there we will cycle along the coast of Sognefjord. In Hella we will board a ferry to Fjærland. Picturesque is the ride through the 25 km long Fjærland

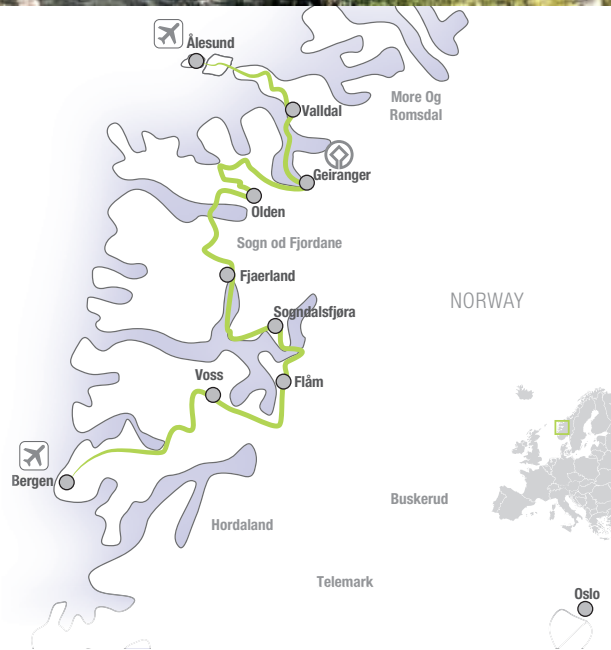

fjord, which is only about 10 km away from the glacier slopes of the Jostedalbreen glacier. Our hotel is also located directly at the fjord.

DAY 6 FJÆRLAND – OLDEN

A shuttle bus will bring us underneath the Jostedalbreen glacier tongue to Skei. Driving along the Innvikfjord we reach Olden. Since time immemorial, fjord horses have been kept in this valley. They are quiet, sturdy northern fjord horses, which are not only useful as working animals, but also play an important role in the glacier tourism.

DAY 7 OLDEN – GEIRANGER

Today's highlight is the fjord of the fjords - Geiranger – an Unesco World Heritage site and a duty for every Norwegian traveller. The Geirangerfjord thrills with steep rock faces, snow-capped peaks and enchanting waterfalls. From our hotel we have an incredible view of the village and the fjord Geiranger.

DAY 8 GEIRANGER – VALLDAL

Today's morning program is the Ornesvingen – the Eagles view, situated high above Geiranger with an incredible view of the fjord. A short ferry ride will take us to Valldal, the strawberry paradise of Norway. In Jordbaerstova we will eat the most delicious strawberry cake in the world. Today we will sleep at the Gudbrandsjuvet waterfalls.

DAY 9 VALLDAL – ÅLESUND

We will leave the strawberry valley behind and cycle along the coastline of Storfjords. Nomen est Omen, the name means "huge". With a length of 110 km it is the 5th longest in Norway. The dramatically steep mountains descend 1500m down to the coast. Only interrupted by several valleys, which stretch up to 30 km into the hinterland and feature mild climate.

DAY 10 DEPARTURE FROM ÅLESUND

Let's enjoy our final breakfast together and then set off on our journey homeward.

RIDING TIME:

START & FINISH: Marrakech
NEAREST AIRPORT: Marrakech
DURATION: 11 nights

ROUTE: mostly side roads, cycle paths and forest tracks
ACCOMMODATION: charming, hand-picked hotels, Riads and Kasbahs, one overnight stay in a desert camp

THIS UNIQUE TOUR ACROSS THE FAIRLY UNKNOWN SOUTH OF MOROCCO IS A FEAST FOR YOUR EYES, PALATE AND NOSE. 1001 NIGHTS ON 2 WHEELS - AN INCREDIBLE EXPERIENCE!

If you think of Morocco, you automatically conjure up images from 1001 Nights, of colorful bazaars and historic Kasbahs, but also of endless sand dunes, barren mountains and palm-fringed oases.

You think of tajine with dates, of sugar-sweet mint tea and of the vast, deep blue sky that stretches across the unique landscape. Southern Morocco offers all this, but is much less traveled than the north, making it ideal for this very special e-bike tour.

The old royal city of Marrakech is worth a trip in itself, for us it is both highlight and starting point. From here we ride counterclockwise through the southern part of the country, discover the cities of Essaouira and Agadir, jump into the water of the Atlantic Ocean and ride up to the mountains of the Anti-Atlas. Here the desert rules and the landscape is spectacular! Deep in the southeast of the country, the endless dune fields of the Sahara begin, a huge sandbox that invites you to play. A completely different game

can be played in the High Atlas, which we cross on the way back to Marrakech. Spectacular roads like the Tizi n'Tichka Pass, breathtaking views everywhere, the fascinating, ancient fortified town of Ait-Ben-Haddou... Marrakech is truly not the only highlight of this fantastic tour!

ITINERARY

- DAY

1

ARRIVAL IN MARRAKECH
 Your adventure begins with our Welcome Briefing in the hotel at 4 pm where you can meet the group.
- DAY

2

MARRAKECH – ESSAOUIRA
 We leave Marrakech and ride through the surrounding fields out into the desert. It stretches endlessly in all directions; you feel tiny and downright lost. Our destination is the coastal city of Essaouira, whose medina is the only one in Morocco with a chessboard pattern.
- DAY

3

ESSAOUIRA – AGADIR
 Today we go to Agadir, a big and quite modern city. The road leads through dry, eroded landscape and rises up to almost 450 m. The most beautiful part is the last section, where we mostly follow the cliffs and beaches. If you have your swimming trunks with you, you are clearly on the winning side...
- DAY

4

AGADIR – IDA OUGNIDIF
 Southeast of Agadir there is a quite densely populated plain that we have to cross, but it is worth it, because the mountains of the Anti-Atlas are tempting. Right after the reservoir at Aït Baha, the road climbs up and then even cracks the 1000-metre mark. Today's highlight is the ancient mountain village Tizouzargane.
- DAY

5

IDA OUGNIDIF – FOUM ZGUID
 The AntiAtlas offers impressive landscapes and we will enjoy them today. The most beautiful sections of the road, which leads up to over 1,800 m, we will of course master by bike. Halfway up is the oasis town of Tata, which surprises us in spring with its lush green vegetable and grain fields.
- DAY

6

FOUM ZGUID – MHAMID
 Today we ride into the Sahara, very close to the Algerian border, where large sand dunes await us. A walk or camel ride between the dunes, a spectacular sunset, the unique starry sky above the desert - it is like a dream!

- DAY

7

MHAMID – ZAGORA
 Zagora is a quite large but very pleasant oasis town, especially in spring when it is not too hot yet and the fields are green. On the way there we also pass through Tamegroute, an important religious centre where you can buy beautiful, typical green ceramics. How convenient that our support van is never far away...
- DAY

8

ZAGORA – AGDZ
 Morocco as from the picture book is on the agenda today. We follow the river Draa, which often carries a surprising amount of water in spring. It supplies the countless date palm groves, which often fill the entire width of the valley. Along the way there are several Kasbahs, often beautifully restored and transformed into charming hotels. The old Berber village of Tamnougalt is still really original and definitely worth seeing.
- DAY

9

AGDZ – QUARZAZATE
 A real adventure is the ride over the Tizi-n-Tiniffit, a 1,660 m high mountain pass that leads through a landscape rutted by wild gorges. Here the wind blows constantly and even in summer it can get unpleasantly cold. Don't forget your jacket! The destination is Ouarzazate, a large city that does not offer too many sights but is very popular as a film location.

- DAY

10

QUARZAZATE – AÏT BENHAIDDOU
 Aït-Ben-Haddou is certainly the most famous fortified city ("Ksar") in Morocco. Its location, appearance and atmosphere are so perfect that one might think it was just a movie set, but the village is real. However, most of the inhabitants have moved to the new town in the recent past. In order to enjoy the village and the journey here, we have kept this riding day quite short.
- DAY

11

AÏT-BEN-HADDOU – MARRAKECH
 The highlight of every trip to Morocco is the Tizi'n Tichka Pass, at 2,260 m the highest in the country. The scenery along the way is breathtaking and spectacular and will remain in your memory for a long time, until the moment we roll into Marrakech and certainly much longer!
- DAY

12

DEPARTURE FROM MARRAKECH
 Let's enjoy our final breakfast together and then set off on our journey homeward.

HIGHLIGHTS AT A GLANCE

MARRAKECH, MEDINA OF ESSAOUIRA, AGADIR AND ITS BEACHES, THE DESERT VILLAGE MHAMID AND THE OVER-NIGHT STAY UNDER THE STARS, THE OASIS VILLAGES AT THE DRAA RIVER, AÏT BENHAIDDOU, TIZI'N TICHKA PASS

EMBARK ON YOUR E-BIKE ADVENTURE THROUGH FLOWERING LANDSCAPES OVERLOOKING THE INDIAN OCEAN TO THE VINEYARDS AT THE SOUTHERN END OF THE BEAUTIFUL AFRICAN CONTINENT

There are few countries in the world that combine such a diversity of life and beauty of nature in such a small space. Discover why there's nowhere quite like the Western Cape in South Africa.

We begin our journey along the stunning Garden and Wine Route in Port Elizabeth, which winds along the rugged shores of the Indian Ocean. We'll just go with the flow of the waves that send us westwards and cycle along the Swartberg mountains. Some days, we'll venture deeper into the mountains, discovering the most beautiful spots of the region. This trip has too many highlights to name just one: the wild coast of the Tsitsikamma National Park and the semi-desert landscape of the Karoo region will leave you with vivid memories just as unforgettable as your photo safari for the wild-roaming Big 5 or the delicious culinary delights of the Stellenbosch region. This trip is a real treat for all senses. Two weeks in this beautiful country with its friendly people, dramatic landscapes, wild animals, and fascinating history, and you'll never want to leave.

ITINERARY

- DAY 1** **ARRIVAL TO PORT ELIZABETH**
Your South Africa adventure begins with our Welcome Briefing in the hotel at 4 pm where you meet the group.
- DAY 2** **PORT ELIZABETH – STORMS RIVER**
Today's the day. After a quick shuttle trip out of the busy metropolis of Port Elizabeth, we get on our e-bikes and start riding. The first few kilometers take us along the spectacularly beautiful Garden Route into the foothills of the Swartberg mountains. Master the first pass on this trip with ease. Despite it not being very high, it provides a great descent, sloping down to the Indian Ocean amongst splendid scenery.
- DAY 3** **STORMS RIVER – KNYSNA**
This day is dedicated to the Tsitsikamma National Park. Numerous rivers have cut their way deep into the Swartberg mountains as they flow down to meet the ocean. Admire the wild environment of the Storms and Bloukrans river valleys, with a bit of luck you may see a bungee jumper taking the leap from the 216 meters high Bloukrans Bridge. Today's ride ends at Monkeyland, take the time to explore the beautiful sanctuary while your bike is loaded for a quick transfer to our next destination, Knysna.
- DAY 4** **KNYSNA – OUDTSHOORN**
From Knysna, we take a convenient transfer to George. On the way, you can admire the rough beauty of the Wilderness National Park and mentally prepare yourself for the first real pass. In George, we get back on our e-bikes and continue our journey up a steady incline. After we have reached the top of the Montagu Pass, we ride into the Karoo region. The South African semi-desert landscape provides a fascinating riding experience, enchanting us with its mesmerizing other tones. Look forward to our first rest day in Oudtshoorn, the ostrich farming capital of the world.
- DAY 5** **OUDTSHOORN**
Our first rest day has a lot to offer. An easy bike ride gives you the perfect opportunity to explore the world-famous limestone caverns of the Cango Caves and visit an ostrich farm on the way. Some amazing riding challenges await those who can't get enough of their e-bikes. Why not climb the famous Swartberg Pass and venture deeper into the fascinating Karoo region?
- DAY 6** **OUDTSHOORN – HERBERTSDALE**
Wave goodbye to Oudtshoorn as you head south, spending the morning pedaling up the Robinson Pass. This pass takes you back on the fertile plains high above the Indian Ocean. The lush green country

will be a feast for your eyes, especially after having traveled along the arid heartland of Karoo. Enjoy the gentle ride through the rolling hills and get ready for another one of our highlights: the Gondwana Game Reserve.

- DAY 7** **HERBERTSDALE**
Today we give our e-bikes a break and set out on a safari. The Gondwana Game Reserve is an excellent Big 5 private wildlife resort. Be sure to take your camera with you and look out carefully, and you might be the first of us to spot an elephant, white rhino, lion, leopard, and buffalo.
- DAY 8** **HERBERTSDALE – RIVERSDALE**
After a successful photo safari, we will be happy to get back on our e-bikes and continue riding through the rolling hills that take us closer to Riversdale, our next stop. Riversdale, situated at the foot of the Langeberg Range, is the region's agricultural center.
- DAY 9** **RIVERSDALE – MONTAGU**
One last time, we visit the Karoo region via the Swartberg mountains. The Tradouw Pass, which means Women's Pass, is the gateway to our next stage. Once again, we'll be thankful for having some electric support. This pass isn't exactly a piece of cake. Take a deep breath at the top and look forward to a smooth ride down to Barrydale. Our shuttle will already be waiting for us, taking us to Montagu. Montagu is famous for its 45 degrees Celsius hot springs, whose healing effects will make you want to stay and take in the beautiful surroundings. Take advantage of this break to reminisce about the last days full of adventure.
- DAY 10** **MONTAGU – FRANSCHHOEK**
After a hearty breakfast, we take a shuttle to the outer edge of the Karoo region. Prepare to venture into new territory. The day's destination includes the renowned Cape winelands of Stellenbosch, Paarl, and Franschhoek. The Bainskloof Pass, which we'll have to master along the way, is one of the main highlights of our South Africa trip.

At the top, you'll feel like the king or queen of the world, with one of the most rewarding descents ahead of you and luscious vineyards guiding the way.

- DAY 11** **FRANSCHHOEK**
Today's rest stop is all about indulging yourself. The "French Corner" entices you to stroll through the streets, treat yourself to a cup of delicious espresso and shop at the many local boutiques. Visiting one of the region's world-famous vineyards and having a wine tasting is a must – not just for connoisseurs.
- DAY 12** **FRANSCHHOEK – HERMANUS**
Well-rested and with renewed vigor we get on our e-bikes early in the morning, tackling the scenic Franschhoek Pass. We continue our journey to the Theewaterskloof Dam, passing by lush green meadows and hills on our way to Hermanus, one of the world's top whale watching destinations. If you're lucky, you'll be able to sight the wild creatures from the beach.
- DAY 13** **HERMANUS – SIMONS TOWN**
We have already covered quite a distance on our journey and we are now on our way to the Cape. To get on with our journey south, we shuttle our e-bikes for the next stretch before we ride around the Ko-

gelberg Nature Reserve. Endless, fascinating views of the rocky coast accompany us on our way. At Betty's Bay, we can visit our first penguin colony. Having arrived at the beaches of False Bay, we'll take the shuttle down to Simon's Town, where we spend our second to last night.

- DAY 14** **SIMONS TOWN – CAPE TOWN**
What a splendid finale! From Simon's Town, we cycle to the Cape of Good Hope. Get ready for our group photo in front of the famous sign that marks the beginnings of the headland. It is a must. From here, the shuttle takes us to the gateway of another highlight, which is also the end of our two-week adventure trip through South Africa. Chapman's Peak Drive is one of the most spectacular coastal roads in the world. We won't be alone out here, but we simply can't miss out on this amazing riding experience. The last stretch of our journey takes us through the numerous suburbs of Cape Town and up to Signal Hill. This is our destination, where it's time to get off the bike and take a moment to take in this unparalleled view: Cape Town in front of you and Table Mountain to your right is a sight that you will never forget.
- DAY 15** **DEPARTURE FROM CAPE TOWN**
Let's enjoy our final breakfast together and then set off on our journey homeward.

A CULTURAL JOURNEY THROUGH THE COUNTRY OF THE RISING SUN.

Japan, the ancient, mysterious, mystical empire, is the setting for this very special e-bike tour.

Our two-week adventure begins, not surprisingly, in Tokyo, the vibrant metropolis and capital of Japan. Here, modern and traditional culture meet like nowhere else. This metropolis of 30 million people is an experience in itself, but for us it is also the beginning of a very special journey, on which many things will be foreign to us and therefore all the more fascinating. Everywhere along our route we encounter old traditions of the Empire, travel through magnificent landscapes, marvel at enchanting gardens and experience the hospitality of the people who spoil us with unique culinary delights. Of course, we do not skip the holy mountain of the Japanese, Mount Fuji, and we also do not miss a ride on the famous Shinkansen Express. Thanks to our e-bikes we easily get in touch with people and are always close to the heartbeat of nature. While we are preserving our own heartbeats, thanks to the electric motor, we even conquer the Japanese Alps effortlessly, but still enjoy being pampered in one of the traditional hot springs called Onsen. After 14 days we conclude our journey through time

in the historical metropolis Hiroshima and say goodbye to a fascinating country that will remain in our memories for a long time. Attention, Japan can be addictive!

ITINERARY

DAY 1 ARRIVAL IN TOKYO

Welcome to Japan, the land of the rising sun. In the afternoon at 4 o'clock the tour guides welcome their group at the starting hotel in Tokyo.

DAY 2 TOKYO - KAWAGUCHI/YAMANAKA LAKE

Today is our first real day of riding. We first leave the metropolis of Tokyo by train and then switch to our e-bikes after a short train ride. Steadily we climb through the Fujihakoneizu National Park until we reach Hakone at Lake Ashi after a short time. With a little luck, we can already see the volcano Fuji on the horizon, at the foot of which we will spend the night.

DAY 3 KAWAGUCHI/YAMANAKA LAKE - MATSUMOTO

Newly invigorated and with the volcano Fuji behind us, we set off for Matsumoto. Once there, we immerse ourselves for the first time in the fascinating world of the Japanese sword nobility. The superbly preserved Matsumoto Castle was the base for the Ogasawara clan during the 14th and 15th centuries and is a must-see for any visitor to Japan.

DAY 4 MATSUMOTO - LAKE AOKIKO

We will start the day by leaving Matsumoto town in the morning to enjoy a scenic cycling route through picturesque landscapes of Nagano prefecture, experiencing the natural beauty of the area. We will conclude the journey at Aoki Lake to the north, known for its clear blue waters and lush surrounding forests. This tranquil spot offers the perfect end to the day, where you can relax and take in the serene surroundings.

DAY 5 LAKE AOKIKO - KANAZAWA

A shorter riding day is on our schedule today, a little relief for our behinds. Fortunately we arrive early at our destination, Kanazawa. It is almost as scenic as Kyoto - we can use the afternoon to visit the famous Kenroku-en gardens dating back to the 17th century, or we can visit the beautiful historic part of the town.

DAY 6 KANAZAWA - LAKE BIWA

Today, we begin with a delightful walk around Kanazawa town. We will then travel from Kanazawa Station to Nagahama Station by bullet train and local train. From Nagahama, we will embark on an exhilarating cycling journey along the famous Biwaichi cycling route around Lake Biwa, the largest freshwater lake in Japan.

DAY 7-9 LAKE BIWA - KYOTO

The next few days are all about the history and culture of Japan. Which city in Japan would be better suited than Kyoto to explore this. Before we can deal with it, however, we first have to leave the mountainous region. Luckily, we are on the road with e-bikes. Over hill and dale, we head for the nearest train station and look forward to the next three nights, which we will spend in Kyoto. Kyoto was one of the few cities deliberately spared from the bombardments of World War II. As a result, with its 1600 Buddhist temples, 400 Shinto shrines, palaces, and gardens, it is one of the best-preserved cities in Japan and was declared a UNESCO Historic Kyoto World Heritage Site in 1994. It is good that we can spend two full days in Kyoto and experience this fascinating city in all its facets.

DAY 10 KYOTO - ONOMICHI

It is time to say goodbye to Kyoto. From now on, we'll be heading steadily west. After a long day of riding on our e-bikes, we reach Osaka Bay and Himeji, home to one of Japan's oldest structures. Himeji Castle is one of Japan's national cultural treasures and was recognized by UNESCO as a World Heritage Site in 1993. Then we are going on to our overnight location.
